New Halloween update

According to guidelines issued by New Brunswick Public Health for Halloween celebrations, door-to-door candy collection is not permitted in health zones that are at an orange alert level. So if Zone 1 is still in the orange phase on Saturday October 31, collection will not be allowed in Beaubassin-est.

However, if Zone 1 changes to the yellow alert level before Halloween, door-to-door trick-or-treating will be permitted from 2 p.m. to 8 p.m. on Saturday, October 31 in Beaubassin-est, if Public Health advice is followed and the celebrations take place safely. All up-to-date information on the guidelines in place by Public Health is available on the Provincial Government's website at www.gnb.ca/coronavirus.

But residents of Beaubassin-est will still be able to decide whether or not they want to receive children at their doorstep on Halloween by placing the door hanger that will be mailed. If you don't want to participate in the door-to-door this year, place the sign on your doorknob on the red side on Saturday, October 31. If you want to participate in the door-to-door, place the sign on the green side. If you need more than one door hanger, there will be some at the municipal office. Call 506.532.0730 for more details.
