

## PRESS RELEASE

Tuesday, July 13, 2021

### Children's activity offered by Vision H<sub>2</sub>O

Since there will be no summer camps offered this year due to the pandemic, Beaubassin-est is launching a new youth program for the summer of 2021. With the staff, the students have developed various activities that will please everyone. In partnership with Vision H<sub>2</sub>O, an educational activity at the Cormier-Village Cultural and Sports Center will be offered on Wednesday July 21, between 1 p.m. and 3 p.m.

Vision H<sub>2</sub>O is an organization that works hard to maintain a healthy ecosystem for our community. During last week's activity, a short presentation on the importance of pollinators and the life cycle of monarch butterflies was given by the group Vision H<sub>2</sub>O. The kids had the chance to see two stages of the life cycle: the larvae (caterpillars) and the chrysalis (or pupa). Now, Vision H<sub>2</sub>O will be back to follow up on the presentation on pollinators and the life cycle of monarch butterflies. Participants will have the opportunity to play educational games and make crafts. To end the day, there will be a surprise activity.

To register, please call the Beaubassin-est Rural Community office at 532-0730, send an email to [emilie.leblanc@beaubassin-est.ca](mailto:emilie.leblanc@beaubassin-est.ca) or send us a message through our page Facebook. You will be asked to provide us with the child's first and last name, age, telephone number and permission to have their picture taken. Only children between the ages of six and twelve can register and a maximum of twenty registrations will be accepted.
