

## PRESS RELEASE

Monday, June 28, 2021

### Children's activity offered by Vision H<sub>2</sub>O

Since there will be summer camps offered this year due to the pandemic, Beaubassin-est is launching a new youth program for the summer of 2021. With the staff, the students have developed various activities that will please everyone. In partnership with Vision H<sub>2</sub>O, an educational activity at the Cormier-Village Cultural and Sports Center will be offered on Wednesday July 7, between 1 p.m. and 3 p.m.

Vision H<sub>2</sub>O is an organization that works hard to maintain a healthy ecosystem for our community. During the activity, a short presentation on the importance of pollinators and the life cycle of monarch butterflies will be given by the group Vision H<sub>2</sub>O. The kids will have the chance to see two stages of the life cycle: the larvae (caterpillars) and the chrysalis (or pupa). The activity will end with a craft.

To register, please call the Beaubassin-est Rural Community office at 532-0730, send an email to emilie.leblanc@beaubassin-est.ca or send us a message through our page Facebook. You will be asked to provide us with the child's first and last name, age, telephone number and permission to have their picture taken. Only children between the ages of six and twelve can register and a maximum of twenty registrations will be accepted.
